

007 Goes XXL: Introducing Taschen's The James Bond Archives

Posted By: Elina Shatkin · 11/7/2012 9:00:00 AM

When *Skyfall* opens on November 9, Taschen will debut *The James Bond Archives*, a 600-page, \$200 megabook with 1,100 photos and arcane details about the superspy's 23 films

1. Heartbreak Hotel

For all the exotically named women he bedded, even James Bond had the One Who Got Away: his wife, Tracy Draco. The marriage was short-lived—about six hours. She was gunned down on their wedding day in *On Her Majesty's Secret Service*.

2. Shaken, Not Stirred

Although he played the suave British spy seven times over the course of 12 years, Roger Moore never once ordered Bond's iconic vodka martini onscreen. He did, however, have the drink served to him three times. Consistency in cocktails has its perks.

3. Identity Crisis

Bond has assumed many aliases: horse dealer, nuclear scientist, marine biologist, royal genealogist, and diamond smuggler (twice). His actual areas of expertise include mixology, martial arts, and lepidopterology (yeah, he knows butterflies).
