

THE MAN FROM LA MANCHA AN IN-DEPTH EXPLORATION OF ALMODÓVAR'S COMPLETE ŒUVRE

Dear Shaded Viewers,

The Pedro Almodovar Archives spans the maverick director's sexy, campy oeuvre with over 600 pages plus previously unpublished photos, on-set diaries, and an abundance of Penelope Cruz images.

The leather-bound Art Edition is limited to 500 signed and numbered copies each with the original digital C-print Penelope as Marilyn (2008) photographed and signed by Pedro Almodovar.

An extra bonus: each book contains an original film strip from a copy of *Volver* (2006) supplied by Pedro Almodovar and published by TASCHEN.

Later,

Diane
