## Massive Tribute

Finally, a book about Muhammad Ali that's big enough to encompass his legend—or almost. *GOAT*, to be released next spring by the German publisher Taschen, is a heavyweight in every sense: 800 pages of photos (excerpted on these pages), essays and graphic artwork in a colossal 20-inch-square format, tipping the scales at 75 pounds. The title, an acronym for Greatest of All Time, also applies (for sports books at least) to the \$3,000 price. But, hey, all 10,000 copies were signed by the Champ.
