

**STEVE McQUEEN**  
WILLIAM CLAXTON  
TASCHEN

**STEVE McQUEEN**  
*William Claxton. Taschen, TBC, 192 pages*

As if the good people at Taschen hadn't already done enough for the world's film fans, they've now made Claxton's awesome collection of McQueen photographs available at a considerably more attractive price than the hardback edition. With unique access to the actor, Claxton was able to capture McQueen at work, at play and at home with his young family. The end product is a stunning series of black-and-white portraits that celebrate McQueen's unique cool while revealing the dedicated sportsman, charming goofball and loving father behind the movie star image. ★★★★★ *RL*
