ART SCAM EXPOSED

Vlastimil Kula has a magical camera that makes girls want to touch his willy

CAPTION 1

What are you thinking?
Attractive? Sexy? Horny?
She shits out of that
you know

CAPTION 2

This is the sexiest picture
on this page. Unless you're
a child that fancies older
men. If you are, call us

Seconds later, it opened
its cheeks and began to
speak. 'People of Earth,'
it began

VLASTIMIL KULA makes his living by photographing himself sleeping with a variety of wonderful women. Why didn't we think of this? Here we are, chained to desks all day in stiflingly humid conditions for the sole purpose of earning enough money to get suggestible girls drunk, and all we actually needed was a camera. Some of the snaps are taken outside for Christ's sake. We could have done this if we were homeless! Jesus. He isn't even particularly well endowed! Frankly, we find this shit sickening.
