

## BOYS JUST WANNA HAVE FUN... TOM OF FINLAND

EVERY GAY man loves Tom Of Finland. It's the law. And it seems that Tom – aka Finnish artist Touko Laaksonen (1920–1991) – also loved every kind of gay men. Burly builders, hairy cops, macho muscle men, buffed-up jocks and even toned, flame-haired 70s rawk stars. The proof is in *The Comic Collection*, a cute box set containing five volumes of porny, horny cartoon stories penned by Tom. Arranged chronologically, so that they run from early, unpublished works from the 40s up to his more sophisticated 80s' offerings. The stylish set includes all 26 episodes of *Kake*, the story of Tom's infamous ultimate leatherman. Nice of them to design it so that each book fits neatly into one hand... ■ *Tom of Finland: The Comic Collection*, published by Taschen, £19.99
