**BOOKS:** If last week's overflowing book party was any indication, David LaChapelle's forthcoming photo tome, *Artists & Prostitutes: 1985-2005*, will sell out fast. On the eve of Art Basel, 600 people crammed Miami's Setai Club to watch a nude Amanda Lepore flip through the 690-page Taschen book (which includes the Lil' Kim portrait above). At \$1,750 for the limited edition, those better be some high-class Prostitutes (fortunately, you get \$500 off for buying early).
