

Collecting Contemporary

Adam Lindeman

Looking to collect some art but in need of some knowledgeable assistance? Adam Lindeman has collated every conceivable resource that any aspiring collector could want. From interviews with prominent players in the global art market, crucial information on worldwide auctions and fairs plus an indispensable glossary of art terms, this book shows you in great depth how to steer your way around the contemporary art world like a true professional. The text is illustrated by copious images from many of today's most fêted artists.
