DOMUS

Edited by Charlotte & Peter Fiell
(Taschen)

A must-have for any architecture and design buff, this twelve-volume collection features page after page of Domus highlights from 1928 to 1999. Regarded as the world's most influential architecture and design journal for over 75 years, Domus offers readers unparalleled insight into the history of design, from Art Deco and Pop to Post-Modernism and Late Modern. With each volume featuring pages reproduced as they originally appeared, this collector's edition not only follows the history of the magazine, but it also journeys to some of the most stimulating projects around the world.
