

### THE BIG BOOK OF BREASTS

by Dian Hanson

Okay, guys—here it comes—let's admit it: we love things that come in pairs. Editor Dian Hanson traces the origin of our obsession with large breasts through three decades of natural big-breasted nudes. This massive 396 page tome is filled with glorious images of famous and infamous models, including Guinness world-record-holder Norma Stitz, possessor of the world's largest natural breasts. Guaranteed to impress your guy friends, and to let your female friends know that, hey, you don't see them as "just friends." This book is perfect when you're in the mood for an easy "read."
