Heaven To Hell
by David LaChapelle
(Taschen, £34.99)

In the world of photography, David LaChapelle's work is unique. Those in the know can spot his pictures a mile off. With their vivid colour, dramatic staging and shockability factor it's no surprise that half of Hollywood is queuing up to be photographed by him, even though the results are often the wrong side of flattering. This is the third volume in a trilogy that's fast becoming a collector's item, making it a seriously smug coffee table addition. Even more sumptuous than its predecessors, it's a must-have for anyone who's interested in photography. Look out for the controversial 'Jesus' portrait of Kanye West, and Paris Hilton as you've never seen her before...
