A new tour and a new book signal a return to duty for The Police.

WHEN THE POLICE WENT ON TOUR IN THE EARLY 1980s, GUITARIST ANDY Summers documented the band's experience in a series of candid black-and-white photographs. *I'll Be Watching You: Inside The Police, 1980-83* (\$400, Taschen) is a slipcased hardcover that contains more than 600 photos and diary-style entries. Shipping this month, the 364-page book is limited to 1,500 copies numbered and signed by Summers. Fans also have the chance to see the reunited group live on a tour opening May 28 at GM Place in Vancouver.
