

PIERRE & GILLES — *DOUBLE JE*

Photography team Pierre and Gilles create out-of-this-world portraits befitting of such larger-than-life stars as Iggy Pop, Madonna, Catherine Deneuve and Marilyn Manson, but the duo also keep a lookout for captivating unknowns, and boy, do they deliver. With Pierre as the photographer and Gilles as the painter/elaborator, the artists transport you into a camp-crazy world full of day-glow color, cartoonish sensuality and kitschy religious imagery. So put a copy of *Double Je* (Taschen) on your coffee table and watch your dinner party guests flock to it like moths to a flame. This tome is *fierce*. Taschen.com
