97 Robert Crumb's Sex Obsessions

Fat-bottomed girls

Crumb is the most celebrated underground comic artist of all time so it is astonishing that it has taken so long for a definitive collection of his work to appear. Crumb himself has selected his most intimately revealing comic strips and single-page drawings to create a 256-page encyclopaedic trip through his sexual psyche. Trust us, it's a journey you'll want to take. Limited to just 1,000 copies, with every page meticulously pored over by Crumb himself, this signed slip-cased box set is a work of art in itself.

The clincher Guaranteed to increase in value within a matter of months, it could well be the most financially shrewd book purchase you make this year. *Robert Crumb's Sex Obsessions* edited by Dian Hanson (Taschen, £350) is out now.
