

THREE OF THE BEST
It'll cost you...

3 **Jeff Koons**

edited by Hans Werner Holzwarth, Taschen, editions 1/1,500, £600, 606pp

In keeping with his reputation for aggrandising the mundane, Koons' monograph is a lavish presentation of the "Post-Pop superstar". A bargain for only £600, true collectors may be relieved to know that the art edition (100 copies) includes an original artwork by Koons and costs somewhere in the ballpark region of his last book – the £7,500 "Champ's Edition" tribute to Muhammad Ali.
