

# THE BIG PENIS BOOK

Peel off the pants and enjoy

EDITED BY DIAN HANSON

Taschen, £29.99

As one can possibly guess from the title, this heavyweight hardback is full of pictures of penises. Big, giant penises. There are over 400 – yes, 400 – images of giant cocks, donkey dicks, titanic tools, huge hotrods,

pumped-up pistols, generous Johnsons, supersized sausages, princely packages, unbelievable units, jaw-dropping Jack hammers, shocking schlongs, whale-like weiners, fat frankfurters, long Larrys, extreme noodles, grand Captain Winkies, bulky one-eyed monsters, mega magic wands, jumbo joysticks, sizeable salamanders, staggering snakes and thick todgers. Great book. **Emily McBean**
