

Najljepše kuće na obali od Islanda do Čilea

Gotovo da se može osjetiti miris mora kada se prelistava knjiga „New seaside interiors“ koja donosi izbor najljepših domova smještenih na obalama pet kontinenata. Među odabranim interijerima su primjerice kuća u Martha's Vineyardu, stan u Knokkeu kojeg je dizajnirao čuveni arhitekt Vincent van Duysen, dom Fione Swarovski na Capriju i kuća u Iporangi, Brazil, arhitekta Isay Weinfeld. Od minimalističkih rješenja preko interijera etno ili pak modernističke inspiracije, sve domove povezuje fascinacija morem. Knjigu je uredila Angelika Taschen dok tekst potpisuje Ian Phillips.

The Most Beautiful Beach Houses from Iceland to Chile

You can almost sense the aroma of the sea as you go through the book called "New Seaside Interiors", which presents a list of the most beautiful beach homes all across the five continents. The chosen interiors include a house at Martha's Vineyard, an apartment in Knokke designed by famous architect Vincent van Duysen, the home of Fiona Swarovski in Capri and a house in Iporanga, Brazil by architect Isay Weinfeld. From minimalist solutions to ethno interiors and modernist inspirations, all these homes are connected with their fascination towards sea. The book was put together by Angelika Taschen, while Ian Phillips is the author of the words.
