

TOM OF FINLAND: XXL

Edited by Dian Hanson, *Taschen*, \$200

If you're familiar with the work of Touko Laaksonen, better known as Tom of Finland, you know to expect depictions of men with superhuman physiques (and endowments) participating in some of the most imaginative and brazen sexual scenarios ever imagined on paper. What you might not expect are the insightful essays on the impact of Tom's work by cultural luminaries like Camille Paglia, John Waters and Armistead Maupin that grace this 666-page look at six decades of the artist's career.
