This three-volume monograph features all of Wright's designs, both realized and unrealized. Made in cooperation with the Frank Lloyd Wright Archives in Taliesin, Arizona, this collection leaves no stone unturned in examining and paying tribute to Wright's life and work. Author Bruce Brooks Pfeiffer highlights the latest research and gives fresh insight into the work. Volume 3 starts after World War II, when Wright's organic living architecture introduced ideas for the use of solar energy and curved open spaces.
