

JIM HEIMANN AND DIANE KEATON

EVENT

Toast to L.A.

On November 19, Fendi and *Vanity Fair* co-hosted an event with Benedikt Taschen and Diane Keaton to celebrate the publication of *Los Angeles: Portrait of a City*, by Jim Heimann. A high-profile crowd, including David LaChapelle, Kelly Lynch and Mitch Glazer, Hugh Hefner, and Bret Easton Ellis, gathered and took in a live mariachi band, book signings, and a display of vintage hot rods. The next day, Lauren Taschen toasted Jim Heimann at an intimate in-store luncheon, with attendees such as Michael Michelle, Peggy Moffit-Claxton, and Wendy Stark Morrissey, who previewed the Fendi resort collection. Both events benefited the Los Angeles Conservancy.
