

20th Century Photography

Editors Museum Ludwig Cologne

Publisher Taschen

Price £8.99

ISBN 978-3822840832

This is another huge showcase book, which packs in over 150 images from the Cologne Museum's 20th Century collection throughout its whopping 770 pages.

The sheer range of styles and subjects on show in *20th Century Photography* is simply mouth-watering, with world-famous images displayed alongside art pieces and conceptual and experimental work from the early part of the last century.

The descriptive texts for each image, accompanied by a brief note on the type of kit and style deployed, adds an instructional edge to the work on display, but for the most part it remains a fabulous inspirational source.
