

PHOTOGRAPHERS A-Z HANS-MICHAEL KOETZLE

Not an original publishing concept for sure, but coming from the house of Taschen it is definitely one of the finest versions of the photo compendium that we've seen. A-Z is a comprehensive overview of the most influential photographers of the last century and their finest monographs: Arranged alphabetically, this biographical encyclopedia features every major photographer of the 20th century, from the earliest representatives of classical Modernism right up to the present day.

Richly illustrated with facsimiles from books and magazines, this book includes all the major photographers of the last one hundred years— especially those who have distinguished themselves with important publications or exhibitions, or who have made a significant contribution to the culture of the photographic image.
