

What's on the Menu?

My grandfather once gave me an old menu from The St. Anthony Hotel in San Antonio. I don't know the year it was printed; the menu only says Sunday, July 18. All I know is that for \$1.00, I could have had Fried Premium Ham, Red Eye Gravy and Pickled Watermelon Rind.

The menu reminds me of the foods and flavors my grandfather and others in his generation got to enjoy.

"Menu Design in America" is a **great collection of vintage menus.**
