

BlackLOG: Helmut Newton: Polaroids

When three of our favourite things; **Helmut Newton**, instant film and **Taschen** coalesce in the catalogue of photographic and fashion genius that is **Helmut Newton; Polaroids** we tend to find 'our happy place' as those ads for Sky TV say. Taschen have released the catalogue of hitherto unseen Newton images to accompany what is surely a wonderful exhibition at the **Museum für Fotografie** in Berlin, Germany but if you can't make it to that then don't worry, the catalogue is on sale now, just in time for Christmas. Perhaps the most intriguing thing when leafing through the beautifully reproduced pages is the feeling that you are somehow privy to a little behind-the-scenes

peek into Newton's shoots themselves. A must have for all Newton fans. Now, the good news is that we have ONE copy of this amazing catalogue to give away to *Black* readers and fans. We'll be giving it away over on our Facebook page and Taschen will mail it to the winner, no matter where they live in the world.
