

# Taschen retrospective: Inez van Lamsweerde and Vinoodh Matadin

Recently, Taschen has published [a limited edition](#) on [Inez van Lamsweerde and Vinoodh Matadin](#)'s – the Dutch **fashion photography** duo.

They have worked with many famous people (most recently Björk and Lady Gaga), they've done **advertising, portraits** and a few **short films**.

I myself consider their **portraits** absolutely **amazing**.

Very well crafted, where the face's *physiognomy* shapes the camera. [Explore](#) and have a wonderful 2012!
