A big shout out to Inez And Vinoodh—who by the way just named treats! issue 2 cover girl LouLou as their new muse—and their sumptuous and beautiful new Limited Edition book published by Taschen. This art edition is limited to 100 signed and numbered copies, each with two photographic prints Alexander McQueen, 2004 and Kate/Groom, 2005 by Inez van Lamsweerde and Vinoodh Matadin. Also included: Two-volume retrospective with 666 photographs of “pretty much everything” that the photographers have been working on for over two decades; additional reader with interviews and texts about the photographic oeuvre of Inez van Lamsweerde and Vinoodh Matadin; an entire set designed by the artists’ longtime collaborators M/M (Paris) which includes an original silk screened poster, and an origami-folded over the top corner of the slipcase. Congrats I & V on an amazing book and well worth its \$3000 price tag.
