

Book Signing: Mark Ryden @ Taschen Books

Posted on March 8, 2012 by sleepboy

Last week in Los Angeles at [Taschen Books](#), [Mark Ryden](#) held a signing for his comprehensive publication – [Pinxit](#). As we witnessed during the Art Basel Miami release party ([here](#)), this is the “bible” for collectors of the renowned low brow artist’s work as its 366 pages Ryden’s 20 year career and art like no other book can. While the current [Collector’s Edition](#) was too pricey for the casual fan (a regular edition will be released later), Ryden could be seen autographing other items (like above) as well as chatting with his admirers.
