

“The Big Book of Pussy” – Photography Book by Taschen

19 March 2012, 17:30 | Posted in Art, Books & Magazines | No comments »

Unexpected gifts are some of the more eye opening moments in life. Take for example Taschen's massive *The Big Book of Pussy* that landed on our doorstep this week (via a good friend). Published in November 2011, the Big Book follows a "big" list of Taschen titles exploring all parts human, including their best selling, *The Big Penis Book*, *The Big Book of Legs*, *The Big Butt Book*, and *The Big Book of Breasts* books.

The Big Book of Pussy is laced with more than 400+ photographs exploring and exposing the female vulva with photographs dating back to the 1900's and beyond. Taschen makes a strong point of noting that all models showing their private parts do so "enthusiastically, happily." Pussy done the Taschen way. Nice one. Available from [Amazon](#).

Seeing as not a single photograph inside the book is work safe, we leave you with a look at the full cover in our gallery.
