100 CONTEMPORARY HOMES

Philip Jodidio. £34.99 **TASCHEN**

This beautiful double-volume set features stunning contemporary homes built in the past decade around the globe. Though all different, they share the same theme of striking original designs, conceived by architects looking to challenge the way we live. The two books feature a host of talents, including Kotaro Ide (a personal favourite), John Pawson, Richard Meier, Shigeru Ban, Tadao Ando, Zaha Hadid, Daniel Libeskind, and Peter Zumthor.
