

Nobuyoshi Araki's Art Editions

If you love bondage culture, then i'm sure you adore **Nobuyoshi Araki**, too. The japanese photographer whose work is famous for the awesome japanese girls in bondage is really busy lately. After his exhibition in **Izu Photo Museum** in Japan, Araki is teaming with **Taschen** on a 3-volume collectable book series that's strictly in limited edition. I have to warn you that the price is really salty, however the content will not disappoint you.

Find out more **Nobuyoshi Araki's Art Editions** [here](#)
