THE BIG BUTT BOOK

Dian Hanson www.taschen.com / £34.99

*Fiesta's
Top Book!*

The Kama Sutra tells you how to spank it. Italians touch it for luck before placing a bet. Americans love having it cosmetically enhanced and Fiesta readers offer it slavish devotion.

It can only be the female bottom.
The derrière.
The tush.
The Culo.

Yet this rage for shapely butts is nothing new. The ancient Greeks worshipped at the temple of Aphrodite Kallipygos, Goddess of the Beautiful Buttocks, while a womanly rump has always been an object of worship in most of the southern hemisphere.

The Big Butt Book explores this perennial fascination with female booty – from small and taut to large and sumptuous – in the fourth instalment of Dian Hanson's critically acclaimed body parts series. There's over 400 photos, from 1900 to the present day, of butts ranging from petite Pam Anderson's to sumptuous Serena Williams'. All with more ass than class and all bound to please the eyes and all parts south!

Fiesta says: Putting the backside front and centre.

Rapper, Sir Mix-a-lot, says:
My anaconda don't want none,
unless you've got buns, hun.
